CAREER OBJECTIVE

Motivated MCA student with hands-on experience in software development, backend API development, and React.js, seeking an entry-level software engineering opportunity at SOTI. Eager to apply strong foundations in Java, Python, data structures, object-oriented programming, databases, and problem-solving while contributing to scalable software solutions and growing as a professional developer.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, PHP, JavaScript
- **Web Technologies:** React.js, HTML5, CSS3, Bootstrap
- **Backend & APIs:** REST APIs, API Development
- **Database:** MySQL
- **Tools & Technologies:** Git, GitHub, Postman, Selenium, XAMPP, Composer, WordPress, AWS
- **Concepts:** Object-Oriented Programming, Data Structures, DBMS, Problem Solving

EDUCATION

Integrated Master of Computer Applications (MCA) **2022 – 2027**

- Amal Jyothi College of Engineering (Autonomous), Kanjirappally, Kerala
- Higher Secondary (Class XII): 1166/1200 — St. Thomas Higher Secondary School, Erattayar, Kerala **2020-2022**
- Secondary (Class X): 96% — CRHS Valiathovala, Kerala

EXPERIENCE

Backend API & React Development Intern **Jun 2026 – Jul 2026**

Ainsoft Solutions Pvt. Ltd. | Hybrid Internship

- Contributed to backend API development for real-world software applications.
- Developed and styled responsive web pages using React.js.
- Assisted with frontend-backend API integration and backend task implementation.
- Applied debugging, testing, and software development practices in a collaborative environment.
- **Skills Used:** React.js, JavaScript, API Development

Teaching & Website Management Intern **Jun 2025 – Jul 2025**

Vijayamatha Public School

- Conducted classes for upper primary students in Mathematics, Science, and Social Science.
- Maintained and updated the school website using HTML, CSS, and JavaScript.
- Created digital learning materials and improved website content and navigation.

PROJECTS

- **GrowGuide:** Developed an agricultural recommendation system using soil and weather data to generate recommendations; deployed the application on AWS.
- **CMS REST API:** Developed REST APIs using PHP and MySQL, implementing core API functionality with database integration.
- **Turf Booking System:** Contributed to a web-based booking platform for reservations, schedules, and user accounts; participated in development, API integration, and testing of system modules.
- **Sponza Event Management System:** Customized WordPress plugins and developed responsive interfaces for event management workflows.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- AWS Fundamentals
- Scrum Fundamentals Certified (SFC™)
- Google Fundamentals of Digital Marketing
- Introduction to Cybersecurity Careers

ACHIEVEMENTS & LEADERSHIP

- Director's Honours List — Multiple Semesters
- Semester Top Performer — Rank 1 (S4), Rank 2 (S3, S5, S7)
- Team Lead, NASA Space Apps Challenge
- Class Representative
- Azure Head, Medical Core Committee
